### Signs with Smart Connectivity for Better Road Safety

Sign up and create the account:

Check the mail and it will be verified the process:

Dear Customer!

Thank you for choosing [OpenWeatherMap!](#)

Please confirm your email address to help us ensure your account is always protected.

[Verify your email](#)

### Account will verified the OpenweatherMap:

The screenshot shows the OpenWeatherMap website interface. At the top, there's a navigation bar with the OpenWeather logo and a search bar. Below the navigation bar, a green notice box displays the message: "Your email address has been successfully confirmed." Below the notice, there's a horizontal menu with links: New Products, Services, API keys, Billing plans, Payments, Block logs, My orders, My profile, and Ask a question. The main content area features a large image of a sunset over a body of water. To the right of the image, the text reads: "Historical weather for any location". Below this, it states: "Our new technology, Time Machine, has allowed us to enhance the data in the Historical Weather Collection." and lists two bullet points: "Historical weather data available for ANY coordinate" and "The depth of historical data have been extended to 40 YEARS". At the bottom, it says: "You can download data from Personal account or contact us to order it." and provides two buttons: "Learn more" and "Go to purchase".
